

Nuestra historia brings together the magic of storytelling with real-world tasks in order to cultivate both students' communicative ability and intercultural understanding

Overview of *Nuestra historia 4*

Each unit in *Nuestra historia 4* is based on a different AP® **subtheme** and focuses on several different Spanish-speaking cultures. These “drivers” of the curriculum help guide story lines, authentic texts, communicative tasks, and cultural content.

The primary components in each unit of Level 4 include:

- **Stories:** Each *historieta* (short story) targets four to six structures in a compelling and comprehensible way, and includes audio and/or illustrations to increase understanding. There are several options for introducing students to these target structures, including:
 - Total Physical Response (TPR®)
 - Personalized Questions and Answers (PQAs)
- **Comprehension Activities:** After reading a story, comprehension activities allow students another opportunity to interact with the target structures, be exposed to more varied input, and demonstrate their understanding.
- **Alternative Versions:** These stories are similar to the original ones, but present the story from a new perspective, highlighting a different verb form, slightly different details, or maybe a twist in the plot.
- **Communicative Tasks:** Interpretive, interpersonal, and presentational speaking and writing tasks draw from and expand on what students were exposed to in story sections and prepare students for the Integrated Performance Assessment (IPA) at the end of each unit.
- **Longer Stories:** *Historias largas* increase interactions with the structures presented in the *historietas*. The *historias largas* can be used as formal assessments of the unit's target structures using the comprehension activities and/or communicative tasks.
- **Authentic Culture:** Cultural content is woven throughout each unit and includes:
 - *Artículos* that highlight global issues in a scaffolded series of comprehensible texts.
 - *Biografías*, which feature one prominent figure from featured Spanish-speaking countries.
 - *Entrevistas*, representing the perspectives and experiences of native speakers from around the Spanish-speaking world.
 - *Charla de peli*, which is a short film complete with PQAs, vocabulary, and a script. The films are chosen to compliment the themes and vocabulary present in the *historietas* and *historia larga*.
 - *PechaKucha* slideshows designed to help students discuss a topic or theme related to the unit.
 - *Panoramas* that virtually transport students to a place in one of the countries where they can see, think, and wonder at their proficiency level.
 - *Dreaming Spanish with Pablo*, a series of YouTube™ videos based on the ALG method developed by Dr. J. Marvin Brown.
- **Interactive Can-Do Statements:** Students self-assess their performance on communicative tasks with an integrated, clickable Can-Do statement. Both students and teacher can see the student's overall progress on a summative Can-Do checklist at the end of each unit.

- **Integrated Performance Assessments (IPAs):** These proficiency-based assessments incorporate authentic materials and tasks for a very “real” experience that draws on students’ interpretive, interpersonal, and presentational skills.

As you can see, *Nuestra historia* provides an array of options for teachers at various levels of expertise. You can select which elements most appropriately meet the needs of individual students and teacher personalities in your unique school district. Our goal is to support teachers wherever they are on their journey in providing truly compelling, comprehensible input to increase students’ proficiency levels.

Sample Pacing for Unidad 1

Below, you will find one option for pacing the material in *Unidad 1* in *Nuestra historia 4*. This same pacing could be applied to later units and is meant to be an example of what a teacher *could* do, not an example of what a teacher *should* do.

Timing for these tasks is approximate, and remember that if you are talking with your students—about a story, a culture, or their personal lives—and your students are engaged and having fun or finding what you’re saying interesting, then keep going! You are providing Comprehensible Input, and that’s what matters most. Don’t let a schedule stop you.

Also keep in mind that *Nuestra historia* can be customized and edited to suit your and your students’ needs. For more information on how to edit material or for more ideas on how to implement the curriculum, call 800-848-0256 or email info@vocesdigital.com.

Things to Consider

We recommend creating a **class routine** by opening your class with the day, date, etc.; introducing your daily objectives using the included Can-Do goal statements; and/or conducting a *Nuestra clase, nuestra historia* student interview. Please note: If you are interviewing a student and it is going well and everyone seems engaged and learning, then just KEEP GOING. This kind of relevant, personal comprehensible input can be the most effective material you use with them.

We also recommend showing students the different games available to play in the **Voces Game Center**. Tell students that if they have down time in class or outside of class, or finish an assignment early, to log into *Nuestra historia* and play games. Learn more about the Voces Game Center [here](#).

As you look over this Pacing Guide, keep in mind that our pacing and timing is **approximate**. You may find yourself moving faster or slower, depending. Take the time to discover your “flow.”

If you ever feel like you are moving too **fast**, then consider slowing down. Remember that engaging and connecting with your students about the material is key to the success of a Comprehensible Input approach. At the same time, if you’re moving fast and the students are “getting” it, then more power to you! Go with the flow! You can always make a unit last longer by adding your own material to a unit using the Voces Editor, incorporating a FVR routine in your class schedule, or even spending a few weeks mid-way in the year to read a class novel, like *Los sobrevivientes*!

If you are moving **slower**, then that’s okay too! You can assign some of the activities as homework (and spend more time in class just talking to your students and reading the stories). You can also skip some of the review materials—for instance, the *Historia larga* which revisits already learned material. It’s totally up to you. As long as students are engaged and you are delivering comprehensible input, we recommend not worrying too much about how fast or slow you’re moving in the curriculum. Let the students be your ultimate guide.

A Note on Technology

This pacing guide was written under the assumption that students have their own devices and can connect to the internet. We also highly recommend that students have access to headphones or earbuds, since many of the activities include audio and it would get very loud if all students were listening to different audio recordings at once. Similarly, students’ devices should come equipped with a microphone so that students can record their voices.

1 Unit = ~6 Weeks, 50-Minute Classes, 5 Days a Week			
Week 1			
Monday			
Min	Section	Details	Device
10-15	<i>Historieta 1: Una vida desgastada Preguntas personales</i>	Open class by conducting a student interview using the <i>Nuestra clase, nuestra historia</i> routine. Choose one student—ideally, one of your better, more outgoing students for this first time—and “interview” them, asking some of the questions on the list. Tip! Set a timer. Start with 5 minutes. See how it goes. Since this will be your first time, you may want to tell students that their exit ticket will be to write down three things they learned about that student.	Project for class.
20	<i>Introducción</i>	Project the page for your class to see and then ask questions, like: <i>¿Qué cosas ves representadas en estas fotos?</i> <i>¿Ves algo familiar en estas fotos? ¿Qué? ¿Qué tienen de familiar?</i> <i>¿Qué fotos representan la religión? ¿Qué elementos ves en las fotos que representen la religión?</i> <i>¿Qué dicen las fotos sobre esas personas?</i> Tip! Double-click any of the images to make them full screen. Talk about what the image is and why it is being included in this selection.	Project for class.
10	<i>Introducción</i>	Have students partner up to discuss the <i>preguntas esenciales</i> at the top of the page. After giving them time to discuss their ideas with each other, bring the class back together and ask some students to share their thoughts with the whole class.	Project for class.
10	<i>En el fondo</i>	Have students complete the questions. Students may need to finish this as homework.	Assign beforehand. Students log in and go to the page.

-	Exit Ticket	Have students complete the <i>Boleto de salida - Persona especial</i> , which you can find in the Resource Library under Additional Resources.	Print out Exit Ticket beforehand.
Tuesday			
10-15	<i>Historieta 1: Una vida desgastada Preguntas personales</i>	Open class by conducting a student interview using the <i>Nuestra clase, nuestra historia</i> routine. Choose a different student from the day before. Don't worry about asking them all the questions. Gauge the student's willingness and ability, and check the class's comprehension by circling the responses and asking either/or questions. Some English responses are appropriate at this stage. Tip! Set a timer. Start with 5 minutes. See how it goes. If the student you are interviewing is having a good time and the other students are engaged and listening, then keep going past 5 minutes. If the students seem less engaged and less interested, then move on.	Project for class.
15	<i>Historieta 1: Una vida desgastada Vocabulario importante</i>	Introduce the <i>Vocabulario importante</i> for <i>Historieta 1: Una vida desgastada</i> . You may want to create a gesture or action for each phrase, or you can simply read the Spanish and English and give some synonyms or other contextualized meaning.	Project for class.
25	<i>Historieta 1: Una vida desgastada Preguntas personales</i>	Next, do the PQA scripts with your students. Download the teacher version of the script and print it out—there are tips for you throughout. Tip! For each <i>historieta</i> , you can choose to do either the PQAs or class story. You could also do both! However, we have found that teachers who enjoy talking to their students and getting to know them do well with the PQAs. It's what they're naturally doing anyhow! Teachers who like to perform in front of the class, are often exaggerated and silly, and have a penchant toward storytelling do well with the class stories, because those fit their style. Of course, it is up to you! Best would be to try both approaches and then continue with the one approach that you feel most comfortable with and that the students respond best to.	Project for class.
-	Exit Ticket	Have students complete the <i>Boleto de salida - Persona especial</i> , which you can find in the Resource Library under Additional Resources.	Print out Exit Ticket beforehand.
